As a StatGroup team member, you are an employee, not a contractor.

My list of why I work and travel for StatGroup is:

1. *Twelve weeks off last year.*
2. *The chance for my wife and I to see this great country, three months at a time.*
3. *Great money! I made more last year with twelve weeks off than my wife and I both made before traveling.*
4. *Housing that is always clean, comfortable, in nice neighborhoods, and a convenient commute to the work site.*
5. *The ability to work with the newest equipment, learn new techniques, and make new friends all over the country.*

With StatGroup, my wife and I have been able to see the plains of Kansas, the high desert of New Mexico and enjoy great seafood on the east coast.

We hope to continue traveling and working for StatGroup until we are ready to retire and this allows us to look for the perfect place to do that.
